NEERAJ RAIKWAR

MERN Stack Developer

☏ +91-8287362764 ✉ Raikwarneeraj95@gmail.com in LinkedIn ⌥ GitHub ● Pitampura, Delhi - 110034

PROFESSIONAL SUMMARY

MERN Stack Developer with hands-on project experience building full-stack, real-time web applications — including a WebRTC-based video conferencing platform with live signaling and screen sharing. Brings 3+ years of professional office experience in sales coordination, client operations, and documentation, contributing strong workplace discipline, ownership, and cross-functional communication to a technical role. An IT fresher by training, but not by work environment — comfortable meeting deadlines, following structured processes, and collaborating across teams. Seeking an entry-level MERN Stack Developer role to apply and grow these skills in a production engineering environment.

TECHNICAL SKILLS

Languages: JavaScript (ES6+)

Frontend: React.js (Hooks, Context API), React Router, Material UI (MUI), HTML5, CSS3, Bootstrap, Tailwind CSS, EJS, Responsive Web Design

Backend: Node.js, Express.js, REST API Design & Development

Real-Time & Communication: Socket.io, WebRTC (RTCPeerConnection, STUN/ICE, SDP negotiation), Web Speech API

Authentication & Security: bcrypt password hashing, token-based authentication, Nodemailer (OTP & transactional email)

Database: MongoDB, Mongoose (ODM)

Tools & Deployment: Git, GitHub, VS Code, Render, Leaflet.js, Geolocation API

PROFESSIONAL EXPERIENCE

Sales Coordinator — *GM Alloys Pvt Ltd* Jun 2024 – Jan 2025

- Managed attendance, lead tracking, and movement monitoring of field sales staff across India.
- Prepared daily state-wise sales reports and coordinated with depots for stock management.
- Tracked dealer transactions and monitored secondary sales performance.

Documentation Executive — *Ardh Sainik Secure Pvt Ltd* Sep 2022 – Mar 2023

- Assisted clients with GST and FSSAI registration processes.
- Maintained records, prepared reports, and supported GST filing activities.
- Handled documentation and communication with corporate clients.

Business Consultant — *Grow Business For Sure* Jun 2022 – Aug 2022

- Managed customer interactions, document collection, and financial product consultations.

Sales Executive — *Mangat Ram Gupta & Sons* Jul 2021 – May 2022

- Managed end-to-end sales generation by identifying and prospecting potential clients through IndiaMart, negotiating product pricing, sharing product details, and successfully closing deals.
- Maintained accurate sales and client databases to track transaction history, pricing, and sold volumes.
- Oversaw dispatch operations, including supervising product packaging, coordinating transport builty details, and sharing necessary documentation with parties.

PROJECTS

WeMeet — Real-Time Video Conferencing Platform *(MERN, Socket.io, WebRTC)*
GitHub: github.com/Neeraj-Raikwar/We-Meet-.git **Live Demo:** we-meet-frontend.onrender.com/

- Built a full-stack, Google Meet-style video conferencing platform using React, Node.js, Express, and MongoDB, with Socket.io powering real-time signaling and in-call events.
- Implemented peer-to-peer audio, video, and screen sharing using WebRTC (RTCPeerConnection, STUN, SDP offer/answer negotiation), including live renegotiation for mid-call screen sharing.
- Designed host-controlled meeting access ("knock-to-join" approval flow), live chat, emoji reactions, hand-raise, and host moderation controls (mute/remove participants).
- Implemented OTP-based password recovery via Nodemailer and bcrypt password hashing.
- Added live speech-to-text captioning (Web Speech API) and meeting history tracking with call-duration analytics.
- Built a fully responsive UI with Material UI and deployed the frontend and backend independently on Render.

Portfolio Website *(React, HTML5, CSS3)*
GitHub: github.com/Neeraj-Raikwar/Portfolio-Website.git **Live Demo:** portfolio-website-frontend-vj95.onrender.com/

- Designed and developed a personal portfolio website to showcase projects, skills, and experience with a clean, fully responsive layout.
- Deployed the site on Render with a focus on fast load times and mobile-friendly design.

Aurelion *(React (Vite), Framer Motion, Node.js, Express, MongoDB, Resend API)*
GitHub: github.com/Neeraj-Raikwar/Aurelion.git **Live Demo:** aurelion-frontend-4dfp.onrender.com/

- Built a cinematic, scroll-controlled hero video experience using a custom React hook and requestAnimationFrame, synced with 5 scroll-timed text overlays powered by Framer Motion.
- Developed a dynamic product catalog with MongoDB, an Express REST API, and React, including detailed product pages with full specifications.
- Built a "Reserve a Consultation" enquiry system with automated email notifications using the Resend API.
- Built a fully responsive UI across desktop, tablet, and mobile, including a hamburger navigation menu, and deployed the frontend and backend independently on Render.

Netflix Clone *(HTML5, CSS3, JavaScript)*
GitHub: github.com/Neeraj-Raikwar/Netflix-Landing-page-project.git **Live Demo:** netflix-landing-page-project.onrender.com/

- Built a responsive Netflix landing-page clone with CSS animations and structured layouts optimized for multiple screen sizes.

EDUCATION

Bachelor of Computer Applications (BCA) — 2026
Manipal University Jaipur (Online)

Higher Secondary Education (12th) — 2020
Sarvodaya Vidyalaya Sharda Niketan

CERTIFICATIONS

- Information Technology Certificate — CBSE
- Responsive Website Basics — Coursera
- Introduction to Computer Programming — University of London & Goldsmiths (Coursera)
- Programming for Everybody (Getting Started with Python) — University of Michigan (Coursera)
- Learn Fundamentals of Computer Programming with C Language — Coursera Project Network
- Responsive Web Design — University of London & Goldsmiths (Coursera)
- Delta (Full Stack Web Development) — Apna College
- Technology Job Simulation — Deloitte (via Forage)
